

MEDICAL NURSE

International Students:

- Learn about living life in Canada and experiencing a career – before making financial and educational commitments of living and studying there
- Discover the real life perspective of living, learning and working in Canada
- Learn about the top Canadian careers, cost of living, salary ranges, life-style and cultures in Vancouver, Toronto and Montreal – the most popular cities.
- Taught live and on-line with experienced Canadian professionals and experts in their field.
- Provide colleges, universities and trade school programs and resources that offer this career path.

Learning Outcomes:

Compare and contrast in the roles of 'hands on' health care workers: Unregulated care provider - care aid, home support worker

Licensed Practical Nurse (LPN) will focus on the role of the LPN Registered Nurse (RN)

- Discuss skill sets required for Licensed Practical Nursing to work with clients/patients, families, and allied health care team members, in various settings
- Identify tools and strategies nurses bring and apply, during a typical workday – to maintain resiliency to work independently, in teams, and with interdisciplinary health care professionals (allied health).

Workshop Content:

- Understand foundations of Licensed Practical Nursing: knowledge, skills, attitude, (clinical) judgment
- Tools & Equipment used
- Types of Customers/Clients
- Typical Workday
- Salary Ranges
- Information on Education & Training resources
